MEDICINAL.

When the story of Chinese atrocities filled the papers and shocked the world, it was the women who drew the pity and sympathy of all. Doubtless many a wife who heard her husband's words of sympathy for these women thought with a pang, of the blindness of men to the suffering under their very eyes. It is true. The suffering of women in China was severe but short. Many a wife suffers for years with a daily agony of pain, her nerves shattered, her strength almost gone, and never hears a word of sympathy.

To women such as these Dr. Pierce's Favorite Prescription brings the oppor-tunity of a new life of health and happi-ness. It establishes regularity, dries the drains which weaken women, heals inflammation and ulceration, and cures female weakness. It makes weak women strong and sick women well. Accept no substitute for the medicine which works wonders for weak women.

the greatest of American illustrators, IN 1902
some new features are to be introduced into this famous periodical—one is the printing of long stories complete in a single number—no serials. A splendid group of stories by the best living writers for young folks has been gathered for this purpose.

"AATURE STUDY"
is now a great feature of St. Nicholas. The young readers ask questions and they are answered in a department called "Nature and Science." Private schools take the magazine for this alone.
